

## POLICY OF THE LOUISIANA IRRIGATION ASSOCIATION ON LABOR

LIA understands that labor is one to the limiting factors preventing contractors from timely completion of work, having competent workers, having an adequate work force to perform quality work, an immigration work force that is lacking in total number of workers to fill the need and burdensome record keeping and other bureaucratic barriers that are cumbersome to employers.

Therefore, LIA supports immigration reform and streamlining the bureaucratic barriers that are cumbersome to employers. LIA is committed to lobbying for these changes.
